Divers must be entered with swimmers in Hy-Tek and eDive. Instructions can be found on the MIAA Swimming and Diving page at miaa.net.

3. No diver may perform a dive in the Sectional or State Tournament that has not been performed and qualified during the regular season.
4. An official diving sheet must be submitted for each diver by the entry deadline.
 - Divers will be allowed to change dives up to ten (10) minutes before the start of the diving competition.
 - Dive numbers and position are the official description of a dive (ex: 103B). Responsibility for accuracy rests with the diver and coach. Penalty: Failed Dive.

1. Verification of all dives and compliance with the maximum DD for voluntary dives must be presented prior to competition at each tournament site.
2. Provide copies of diving sheets, showing the two (2) meets where the qualifying total score standard was attained.
3. Provide copies of dual, invitational and/or championship meet diving sheets, highlighted for each entered dive (a total of 11) that a score of 5.0 or higher has been received from all scoring judges.

2024-25 Winter Swimming & Diving Tournament

D. Diving Specific Meet Details

1. At the sectional & state meets divers will be seeded initially by lot. After the completion of the semifinal round (8 dives), the finalists will be reseeded with the lowest scoring contestant performing first through the highest scorer diving last over the final 3 rounds. (NFHS 9-2-2)
2. When more than 32 contestants have qualified for the 1-meter diving event, the field will be reduced to 32 divers after the completion of three (3) rounds. With the field reduced, the remaining two (2) dives of the preliminaries will be performed followed by the semifinal and final rounds. To allow for the appropriate placement of individual dives in a contestant's program, the Tournament Director will notify the coaches of the participating divers in advance of the start of the meet if the field is going to be reduced after three (3) dives.
3. Warm up will be provided prior to the 11-dive session for all contestants. (NFHS Rule 9-2-1) After the completion of the eighth round, the boards will be available for those who have qualified for the finals. An administrative break will take place after the fifth round (and third round if more than 32 contestants are entered). There will be no on-board diving warm-ups during designated administrative breaks.
4. Coaches are responsible for picking up signed diving result sheets before departing the facility at the conclusion of the meet. Meet directors and/or diving referees are not responsible for providing copies of these sheets after the facility has been vacated.

SAT/SAT Subject Tests

1. Meets may be held on a weekend date - the same date as an anticipated SAT Test Date. Schools are encouraged to be aware of this date and collaborative if scheduling a game on this date. A listing of all dates and sports that may take place on scheduled College Board exam dates can be found on the MIAA website. College Board dates can be found here - <https://www.collegeboard.org/>
2. The College Board offers an SAT® Program Alternate Test Date Policy. As stated in their published material:

2024-25 Winter Swimming & Diving Tournament

The SAT Program will consider granting an alternate test date when the following criteria are met:

- The conflicting event must be unexpected. Regularly scheduled sporting events or previously scheduled school activities, such as a prom, are not considered unexpected. An event such as an academic or athletic competition, in which students have advanced through the competition or into post-regular season competition, can be considered an unexpected event.
3. SAT School Day: Allows high schools to administer the SAT to students during the school day, thus avoiding weekend athletic conflicts.
