Playoff Proposal Survey – Discussion (attached survey results)

- Committee discussion and questions
- Comments and observations:
 - people still want to play more games; would like consolation but teams could opt out of consolation if they lost in the playoffs
 - TMC still planning ahead as designed
 - The survey seemed to say keep it as it is
 - Coaches rep. discussed history of his surveys, what coaches association views, no consolation games
 - Validate the survey and go from there
 - Not enough information to decide for 2021
 - Need to explain clear proposals
