ATHLETIC ASSOCIATION

## MIAA Soccer Committee Highlights - May 17, 2022

The MIAA Soccer Committee held its scheduled meeting on Tuesday, May 17, 2022. The following information is an effort to keep you updated on the meeting.

- The committee **reviewed** the new soccer infraction sheet that was created last year. It was determined that there needs to be a place to record the score.
- Discussion occurred around the exchange of rosters, which was temporarily paused as a result of the pandemic. It was determined that **teams should be providing the scorer's table with accurate, legible rosters**. Athletic Directors and Coaches are encouraged to print-off these rosters to make them easier to read. If teams do not have a print-off of their rosters, they should write out the rosters on the back of the infraction reporting sheet for that game.
- **2022-23 Soccer Tournament Format** was updated and reviewed. The new seeding committee process was reviewed.  
*Motion:* To approve the 2022-23 Soccer Tournament Form (T. Rich/C. Schmidt) **APPROVED 9-0**
- The committee **provided feedback** for TMC regarding the margin of victory, assignment of officials, and the impact of forfeited games.
- **Review of the cut-off dates** over the next five years:
  - 10/31/22
  - 10/30/23
  - 10/30/24
  - 10/29/25
  - 11/02/26

*Motion:* To approve the cut-off dates through the 2026 season (R. Beaudoin/T. Rich). **Approved 9-0**
