

## MIAA Golf Committee Meeting Highlights June 14, 2022

The MIAA Golf Committee met in Franklin on June 14<sup>th</sup>, 2022 with 18 people in attendance including District representatives, Tournament Directors, the Superintendents' Representative and MIAA staff members.

**Spring Tournament Directors Report:** Both sectionals, as well as the State Championship, were wonderful events! Thank you to our Tournament Directors for a job well done and to the three sites that hosted our student-athletes. Special thanks to Eastward Ho in Chatham and Mr. Jack Farrell whose generosity and hospitality made this year's State Championship one to remember!

**Rules Workshop:** It was proposed to offer summer or fall workshops to coaches to increase their knowledge of the rules of golf to better serve their players.

In partnership with MassGolf, the MIAA offers a program enabling all golfers under the age of 19 to obtain a free GHIN. The Committee encourages our student-athletes to take advantage of this great opportunity.

**Thank You...** As their final piece of business, the Committee recognized their MIAA Liaison, Ann Trytko, as her service to the Committee and to the MIAA comes to a close this week. At this time, her replacement has yet to be named.

**Next meeting:** TBA
