

MASSACHUSETTS INTERSCHOLASTIC
ATHLETIC ASSOCIATION

To: MIAA Membership
From: Tara Bennett, MIAA Director of Communications
Re: ArbiterSports Update
Date: May 20, 2021

Dear Members,

The MIAA Board of Directors has concluded their reassessment of the recent ArbiterSports matter. The Board of Directors **voted unanimously today in support of continuing the relationship between the Association and Arbiter.** This reassessment included dialogue between Association staff and Arbiter management, as well as direct communication by Arbiter CEO Kyle Ford to the Board of Directors. Additional communication from ArbiterSports will be forthcoming to the full membership.

Thank you for your patience during this reassessment period. Communication from the MIAA Technology Department to membership will resume shortly in regards to upcoming Arbiter trainings and “on-boarding” webinars for Athletic Directors and Leagues who had their training paused.
