From: Tara Bennett, MIAA Director of Communications  
Re: EEA Moves Wrestling to Level 3 Competition Status  
Date: April 16, 2021

Today, the MA Energy and Environmental Affairs (EEA) amended their March 22, 2021 EEA guidelines to include an update to the high risk sports/level of play section. *Effective, April 16, 2021, the sport of Wrestling has reached Level 3 status allowing for competitions.*

Specifically stated in the EEA guidelines (pages 3-4):

- If feasible, conduct Level 2 and 3 wrestling activities outdoors, but wrestling may be conducted indoors.

The next steps in the MIAA modifications/approval process will take place following the vacation week with information disseminated to membership as it is readily available.

**As has been the case throughout the year, the final decision for a school to partake in a particular sport is decided at the local level.**

You may view the updated EEA guidelines [HERE](#). According to the EEA, evaluation of the guidelines will continue with potential changes brought forth as needed.
