ATHLETIC ASSOCIATION

## MIAA Football Committee Meeting Highlights December 22, 2020

The Football Committee met virtually on December 22, 2020 with approximately 38 people on the call including football committee members, MIAA staff and members of the media. The two agenda items were future football playoff proposals and sports modifications for the Fall II season of play beginning in February.

**Football Sport Modifications:** A subcommittee had been established and will continue to work at developing football modification proposals during the month of January. A draft plan of meeting times was established with the intent to submit the modifications to the full Football Committee during the week of January 19 with final approval by the Sport Medicine Committee, COVID-19 Task Force and Board of Directors beginning the week of January 25, 2021. The modifications subcommittee will plan to meet again beginning the week of January 4<sup>th</sup>.

**Football Playoff Proposals:** In October, the Football Committee members concluded the meeting with a plan to seek constituent input through the beginning of December and bring feedback on playoff proposals to an established subcommittee. The subcommittee met in December to consider feedback and how best to proceed, resulting in this full committee meeting.

The Football Committee supported the subcommittee to develop a survey for the Membership and bring feedback back to the Football Committee in January. The survey will be distributed to member schools the first week in January 2021.

The details of the playoff format for the Fall 2021 season will be developed and submitted to the Tournament Management Committee in March 2021.
