MIAA Sports Medicine Committee Meeting Highlights February 8, 2021

The MIAA Sports Medicine Committee met virtually on February 8, 2021 with 23 committee members on the call.

Fall II Modifications: The committee began with discussion about the recently approved Fall II modifications. Included in this discussion was effort to help support the membership with cold weather guidance as well as an update on the newest EEA guidelines released in February 8, 2021. After lengthy discussion about these topics the MIAA SMC voted the following motion:

Motion: To maintain the previous requirement language of the EEA that no more than 25 players can be on an INDOOR playing surface (C. Schatz/ J. Bunnell) **APPROVED 16-1-0**

This vote will be forwarded to the MIAA Board of Directors.

School Resources: The SMC also discussed and approved developing another quick reference resource for schools to use as they evaluate and make decisions for cold weather conditions.

Spring Season: A timeline and process for preparing for Spring 2021 season was discussed. The SMC will plan on the dates of March 8-10, 2021 to evaluate and approve spring sport modifications before being forwarded to the MIAA Board of Directors.

Next Meeting: March 8-10, 2021 (spring sport modifications)
May 3, 2021
