ATHLETIC ASSOCIATION

MIAA Sports Medicine Committee Highlights July 13, 2020

The MIAA Sports Medicine Committee met July 13, 2020 to continue discussion on topics related to the COVID-19 pandemic and fall 2020 participation in interscholastic athletics.

The Committee discussed issues around **student-athletes being prepared** for fall preseason in August given that some athletes may have less activity during the summer. Additional discussion related to the recent publication of guidance for summer sports issued by the Governors' office.

The final topic of discussion dealt with **when best to start the fall sport season**. Members of the committee offered thoughts and suggestions for how best to integrate interscholastic athletics with the start of school.

Motion: Recommend to the MIAA COVID-19 Task Force for the fall athletic season to start after school begins. (B. Tilden/J. Scanlon)
APPROVED 18-1-2

The motion did not have any detailed dates or plans, rather a recommendation to the Task Force.

Next meeting date: July 27, 2020 at 4:00 PM.
