

MASSACHUSETTS INTERSCHOLASTIC
ATHLETIC ASSOCIATION

**MIAA and USA Field Hockey Partner to Offer
FREE Field Hockey Clinics Featuring
Head Men's National Team Coach Harry Singh
Saturday - October 29, 2022 at MacDonald Stadium, Malden**

***New and experienced players, coaches and umpires -
Join us for a great day of Field Hockey!***

The Massachusetts Interscholastic Athletic Association (MIAA) and USA Field Hockey are pleased to announce FREE CLINICS for players, coaches, and umpires to celebrate the sport of field hockey on Saturday, October 29th at [MacDonald Stadium in Malden](#)*. The day will include sessions for coaches, umpires and is open to middle school and high school student-athletes, both boys and girls. Special guests from USA Field Hockey include **Harry Singh**, Head Men's National Team Coach, **Jill Reeve**, 1996 Olympian and former Head Coach at Brown University, **Marc Bakerman**, Boys Development Manager, **Jeanne O'Brien**, Vice Chair, USA Field Hockey Board of Directors and Umpire Representative, and **Sally Goggin**, National Development Director.

Please [CLICK HERE](#) to Register

SCHEDULE:

9:00 am - 10:00 am

Coach / Umpire Clinic

Come meet and work with our world-class coaches, Harry Singh, Jill Reeve, and our USA Field Hockey Umpire Representative, Jeanne O'Brien.

10:00 am - 11:30 am

Student-Athlete Clinic/Demo

Boys and Girls of all skill levels can join Coach Singh and Coach Reeve for an on-field clinic and fun small-game.

Coach Harry Singh

Coach Jill Reeve

Experienced players please come ready to play.
Goalkeepers bring your equipment.

New to field hockey? Great! Come pick up a stick and discover the sport.

Loaner equipment will be provided. Please wear shin guards if you have them and bring a mouthguard too.

11:30 am – 1:00 pm

Boys Only Clinic

Boys... this clinic is just for you. Never tried field hockey? This is the perfect time to learn why field hockey is the 3rd most popular and widely played sport in the world and to learn from USA Field Hockey's Head Coach! Field hockey is a fast and exciting invasion game - similar to ice hockey, lacrosse, rugby, football and basketball. In fact, many of the same skills and tactics apply. So come give it a try.

**This event will be held rain or shine.*

Making History

USA Field Hockey is here to celebrate an epic milestone in field hockey. Malden High School is the first all-boy's high school field hockey team sanctioned by their state athletic association. Congratulations and thank you to Malden High School, the players, Athletic Director and Coaches.

The MIAA is a leader in supporting student-engagement in field hockey. With over 200 high school field hockey programs in the state, the MIAA provides an opportunity to play field hockey to thousands of high school students. Massachusetts is unique in that state law permits coed play.

Growing interest among boys playing high school field hockey fueled the recent rule change proposal to offer boys field hockey at the interscholastic level. The rule change passed and boys high school field hockey became a reality. Unfortunately COVID slowed implementation, but hopefully the October 29th free clinic will help raise awareness and interest in the sport.

Join us in making history in Massachusetts!
